

Feeling a little overwhelmed  
by **college applications?**

**We can help you**

*make college happen!*

**Join us for a free  
COLLEGE APPLICATION WORKSHOP:**

- Get help filling out and completing at least one college application
- Get answers to any questions about your application(s)
- Not sure which college is right for you? Get access to free tools and resources and one-on-one help in choosing a school(s) that fits your needs and your finances

**What to do before a  
COLLEGE APPLICATION WORKSHOP:**

- Research at least one college that is a good match for you
- Look into the different majors that may be of interest to you
- Determine if the college(s) you are interested in require an essay
- Determine what each college requires to waive the application fee
- Bring your social security number, if applying for federal and state financial aid

**FOR MORE INFORMATION:**

**What is College Changes Everything Month?**

The Free Application for Federal Student Aid (FAFSA), the application used to apply for federal and some state and institutional student aid, becomes available on October 1 of the calendar year **before** the student plans to attend college. Because students begin in October to complete their FAFSAs at the same time they are completing their college applications, the Illinois Student Assistance Commission (ISAC) launched College Changes Everything® (CCE) Month. During CCE Month, ISAC, high schools and community partners across the state offer support for both college application activities and FAFSA completion.

*See you there!*
